Dear CFO,

In some organizations, the IT department reports to the CFO. In others, the CFO maintains a fiscal oversight of IT and telecom operations. Ensuring that your IT department is running efficiently and effectively can be a challenge. To meet this need, TMC offers a variety of custom-tailored services such as:

- Consultant team participation for new facilities
- Project manage systems acquisition
- Optimize costs
- Audit / manage supplier contracts
- Assess / improve business continuity
- Assess IT and Telecom systems and operations
- IT Management Services Outsourcing
- Compliance audits

TMC is vendor neutral, trusted by our clients to provide sound business advice to align IT and Telecom operations to their organizational objectives and has the skills and methodology to do the same for you.

We would be happy to meet with you, without obligation, to discuss how we've helped others and how we can help you to better meet your objectives.

Regards,
